

# school information Management system

## Training HandBook

### ➤ Login Page:

This is the Login Page. In this page having login button for opening the application. When we Click on the Login Button it open the homepage. If it is first login it will open the onetime authentication page for Device tagging.

## Onetime Authentication For Device Tagging:

In this page, School head master/teacher need to enter their Aadhaar number for authentication the device/ tagging the device for that particular page. After enter the Aadhaar number then click on **Proceed** button for verifying the Teacher details after that it will show the teacher and school information. If information is correct then Click on **Proceed** button for Verifying with Aadhaar. After successfully verified with Aadhaar then it will show the Homepage.

The screenshot shows the 'School Information Management System' interface for the Government of Andhra Pradesh. It features a header with the system name and logo. Below the header, there is a green background with a faint image of hands. A white input field labeled 'Aadhaar Number' is positioned above a green 'Proceed' button.

## ➤ Home Page:

This is the Home Page of our Application.

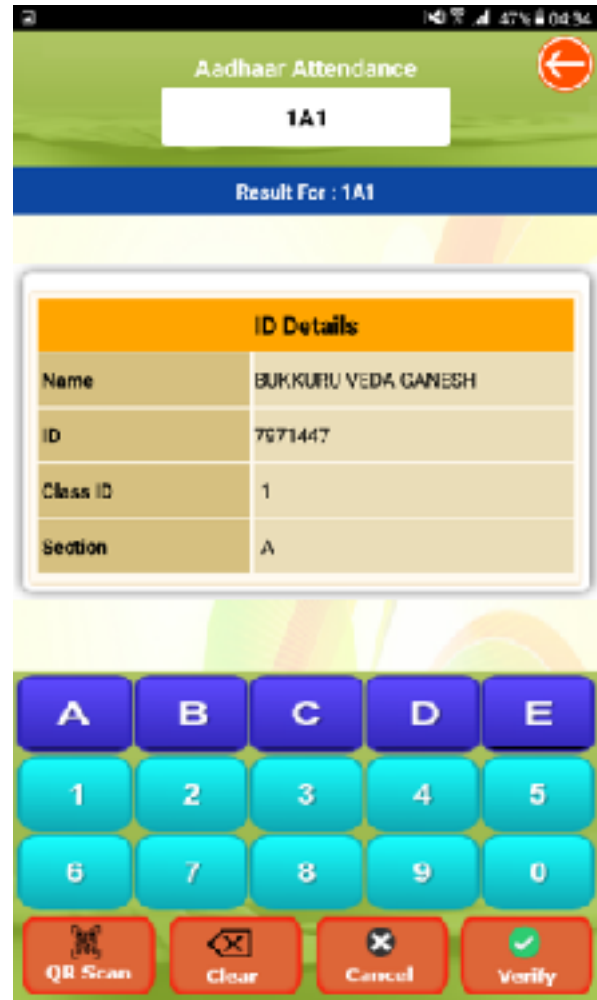

➤ After clicking the login button the data of that particular School will be downloaded from the server and visible on the screen.

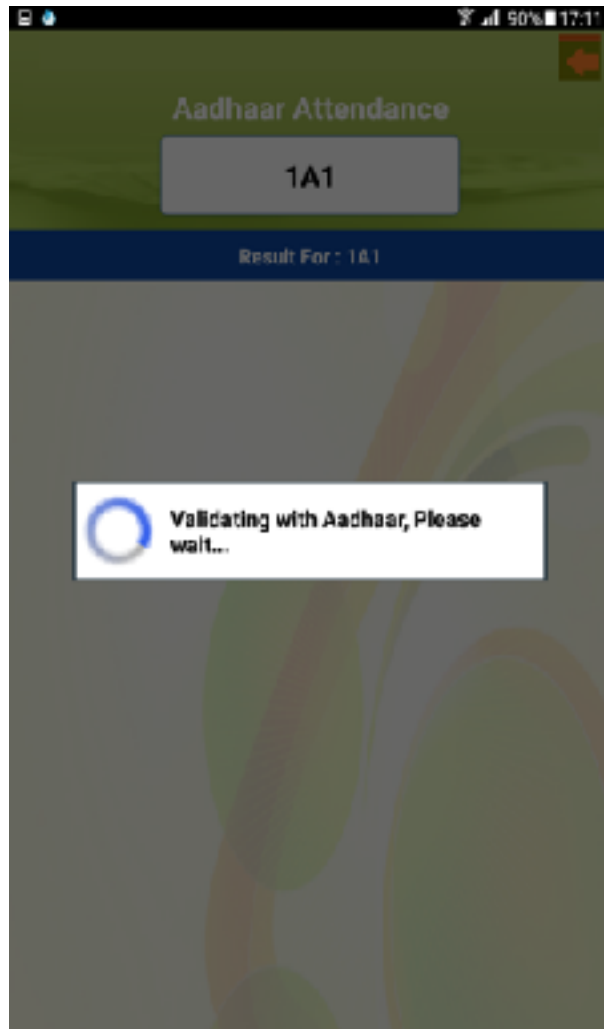

➤ In this screen four buttons were provided.

1. Attendance Capture
2. Update Student Roll ID and Section
3. Reports
4. Data Sync

➤ Click the Attendance Capture button. Then the below screen will appear.

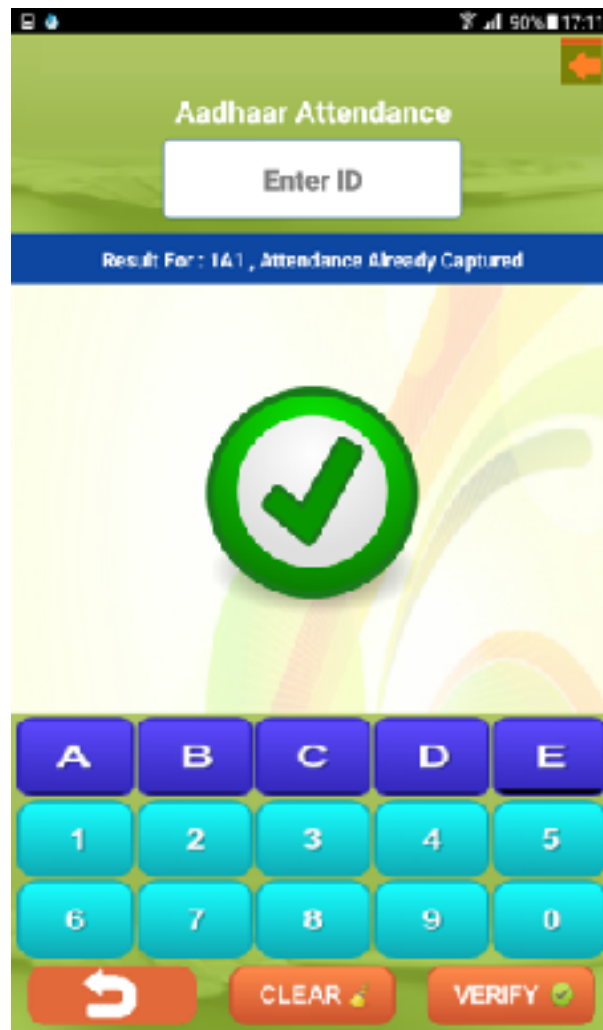

- Enter Roll ID in the field “Enter ID”.
- Then the details of that ID will appear on the screen.
- After that click verify button and place your eye on the IRIS Scanner.

➤ It will verify your details with Aadhaar Server.

➤ For successful verification we will get a tick mark screen as shown in below picture.

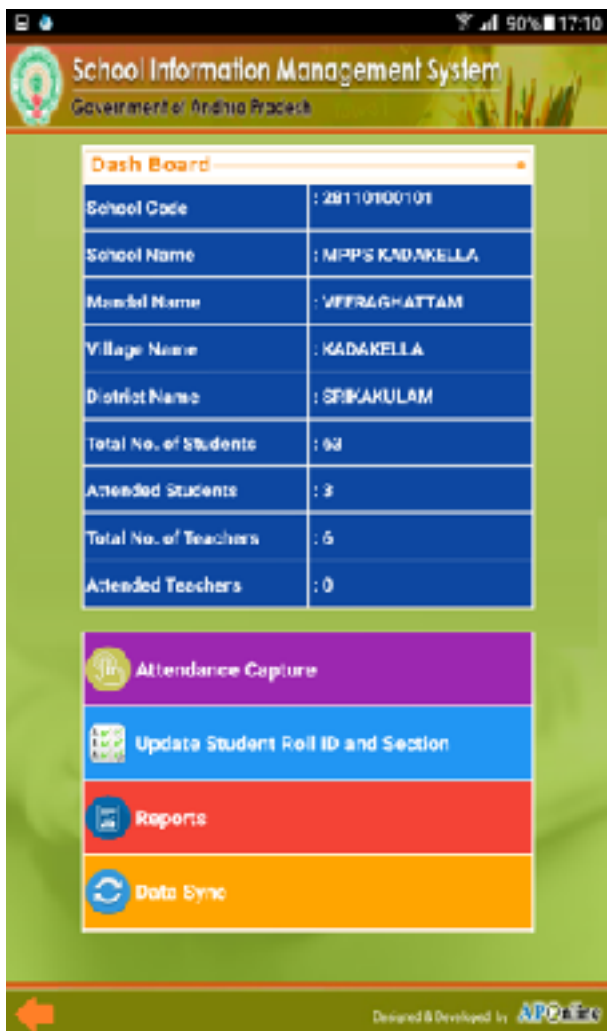

- This screen indicates that the student details matched with the Aadhaar server.

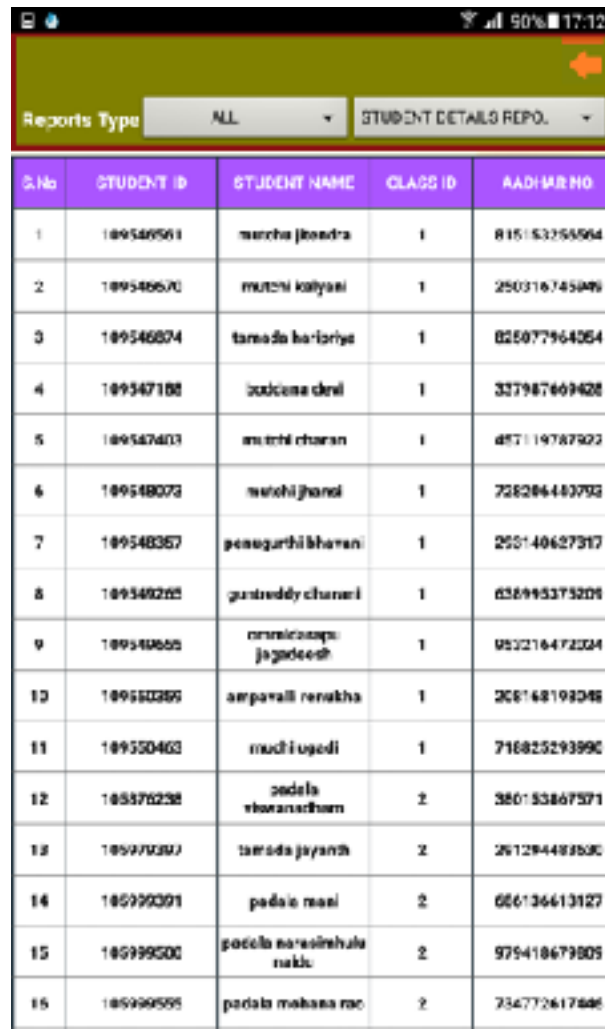

- If we want to update the student Roll ID or Section then click the “Update Student Roll ID and Section” in Home Page.
- After clicking this button we are able to edit the Roll ID and Section, make the changes and click submit button.

- If we want to see the Reports then click the “Reports button” in Home Page.
- The above shown picture will appear. Choose the category from the list given.
